Foreign-Trade Zones Board

[Docket 12-95]

Foreign-Trade Zone 22, Chicago, Illinois Proposed Foreign-Trade Subzone UNO-VEN Company (Oil Refinery and Petroleum Coking Complex) Will County, Illinois

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Illinois International Port District, grantee of FTZ 22, requesting special-purpose subzone status for the oil refinery and petroleum coking complex of the UNO-VEN Company (joint-venture between VPHI Midwest, Inc. (subsidiary of Petroleos de Venezuela, S.A.), and Midwest 76, Inc.

(subsidiary of Union Oil Company of California)), located in Will County, Illinois (Chicago area). The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on March 31, 1995.

The refinery complex (917 acres) consists of 2 sites in Will County, Illinois: *Site 1* (906 acres)—main refinery complex located adjacent to the Chicago Sanitary and Ship Canal at 135th Street, in the Romeoville area, some 30 miles southwest of Chicago (includes on-site coking operation jointly owned by UNO-VEN and Lemont Carbon, Inc.); *Site 2* (11 acres)—UNO-VEN crude oil storage (546,000 barrel capacity) within Texaco Trading and Transport Tank Farm, located at 301 West Second Street, Lockport. Crude oil is transported from the tank farm to the refinery via the Chicag Pipeline.

The refinery (150,000 barrels per day; 730 employees) is used to produce fuels and petrochemical feedstocks. Fuels produced include gasoline, jet fuel, kerosene, gas oil, diesel fuel, fuel oil, residual fuels and naphthas. Petrochemical feedstocks include methane, ethane, mixed butanes, benzene, toluene, xylene, and propane. Refinery by-products include petroleum coke. Almost all of the crude oil (88 percent of inputs), and some feedstocks and motor fuel blendstocks are sourced abroad.

Zone procedures would exempt the refinery from Customs duty payments on the foreign products used in its exports. On domestic sales, the company would be able to choose the finished product duty rate (nonprivileged foreign status—NPF) on certain petrochemical feedstocks and refinery by-products (duty-free). The duty on crude oil ranges from 5.25¢ to 10.5¢/barrel. The application indicates that the savings from zone procedures would help improve the refinery's international competitiveness.

In accordance with the Board's regulations (as revised, 56 FR 50790-50808, 10-8-91), a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is June 12, 1995.

Rebuttal comments in response to material submitted during the foregoing period may be submitted during the

subsequent 15-day period (to June 26, 1995).

A copy of the application and accompanying exhibits will be available for public inspection at each of the following locations:

U.S. Department of Commerce District Office, Xerox Center, Suite 2440, 55 E. Monroe St., Chicago, IL 60603

[Docket A(32b1)-4-95]

Foreign-Trade Zone 43—Battle Creek, MI; Request for Export Manufacturing Authority Lotte U.S.A., Inc. (Chewing Gum)

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the City of Battle Creek, Michigan, grantee of FTZ 43, pursuant to § 400.32(b)(1) of the Board's regulations (15 CFR Part 400), requesting authority on behalf of Lotte U.S.A., Inc. (subsidiary of Lotte Company, Ltd., Japan), to manufacture chewing gum under zone procedures for export within FTZ 43. It was formally filed on March 31, 1995.

Manufacturing approval is being requested to permit the establishment of a manufacturing for export operation within FTZ 43 involving chewing gum. Certain materials (accounting for less than 20% of finished product value) would be sourced from abroad, including: Oil and powder-based flavors, natural resin, polyvinyl acetate, monoglyceroid, tea extract, and kenponashi extract. U.S.-origin inputs would include aspartame, gelatine and natural rubber. All finished chewing gum products made under zone procedures would be exported.

Zone procedures would exempt Lotte from Customs duty payments on the foreign materials used in the export activity. The operation will also require authority from the U.S. Food and Drug Administration (FDA) because certain non-FDA approved materials would be used in the products made for export, and FDA will be consulted by the FTZ Board.

In accordance with the Board's regulations, a member of the FTZ Staff has been appointed examiner to

investigate the application and report to the Board.

Public comment on the application is invited from interested parties. Submissions (original and three copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is May 12, 1995. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 10-day period (to May 30, 1995).

A copy of the application and the accompanying exhibits will be available for public inspection at the following location: Office of the Executive Secretary, Foreign-Trade Zones Board, U.S. Department of Commerce, Room 3716, 14th Street and Pennsylvania Avenue, NW., Washington, DC 20230.

[Docket 9-94]

Foreign-Trade Zone 86—Tacoma, Washington; Reissuance of Grant of Authority

A joint request has been submitted to the Foreign-Trade Zones Board (the Board) by the Port of Tacoma (Washington), grantee of FTZ 86, and the Puyallup Tribal FTZ Corporation (PTFTZ) for the reissuance of the grant of authority for three parcels (125 acres) within FTZ 86 to the PTFTZ. The request was submitted pursuant to the regulations of the Board (15 CFR Part 400). It was formally filed on March 11, 1994 and amended on March 17, 1995.

The three parcels are part of an area recently transferred from the Port of Tacoma to the Puyallup Indian Tribe Council in accordance with the Washington Indian Land Claims Settlement Agreement (25 USC 1773) in 1991. This request would result in a new zone project with PTFTZ as the new grantee.

Public comment on the proposal is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is May 30, 1995.

A copy of the application and accompanying exhibits will be available for public inspection at the following locations:

[Docket 13-95]

Foreign-Trade Zone 41—Milwaukee, WI Area Application for Expansion and Request for Manufacturing Authority (Children's Books)

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Foreign Trade Zone of Wisconsin, Ltd., grantee of FTZ 41, requesting authority to expand FTZ 41 to include a general-purpose site in Sturtevant, Wisconsin, and requesting authority on behalf of Publications International, Ltd. to assemble children's books within FTZ 41, Milwaukee, Wisconsin area, within the Milwaukee Customs port of entry. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on April 3, 1995. FTZ 41 was approved on September 29, 1978 (Board Order 136, 43 FR 46887, 10/11/78). It currently consists of 4 sites in the Milwaukee area: Site 1 (300 acres)—within the Port of Milwaukee complex; Site 2 (210,000 sq. ft.)—warehouse facility, 1925 E. Kelly Lane, Cudahy; Site 3 (120 acres)—West Allis Industrial Center, in West Allis; and, Site 4 (166 acres)—Milwaukee County Research Park, Wauwatosa.

The applicant is now requesting authority to expand the zone to include a site (10 acres) located within the Grandview Industrial Park at 1333 N. Grandview Parkway, Sturtevant, some 15 miles south of Milwaukee. The site involves a public warehouse facility operated by Warren Industries (Warren), which provides storage, distribution, processing and packaging services for a variety of customers.

The proposed book assembly activity would involve children's touch-sound books, published by Publications International, Ltd. The books, printed elsewhere in the United States, would be sent to FTZ 41 where an electronic touch sound pad would be attached. The sound pad would be sourced from abroad. The finished product with sound device would be classified as a book (duty-free). Publications plans to
